**TERMS OF REFERENCE
WATCH COMMITTEE OF THE IAC**

Preamble

The Soviet/Communist bloc, as a potential aggressor, has the capability to initiate suddenly at any time and in a place and by methods of its own choosing, hostile action* in such strength as to gravely threaten the security of the United States. The mission of providing earliest possible warning of hostile action is the most important responsibility of the IAC to the NSC, and will be undertaken collectively by the IAC agencies as their highest priority.

A. Name

Watch Committee of the IAC

B. Mission

To provide earliest possible warning** to the United States Government of hostile action by the USSR, or its allies, which endangers the security of the United States.

*Aggressive action by armed forces, or by organizations or individuals in support of military strategy.

**The representative of the Department of State believes there should be a footnote at this point as follows: "It is understood that the warning responsibilities of the National Intelligence Estimates system and those of the Watch Committee are complementary. While Estimates periodically review all available evidence for general and comprehensive conclusions, the Watch Committee continuously evaluates, from inflowing information any indications of imminent hostilities, such as may require immediate action or a review of the comprehensive conclusions. Both Estimates and Committee evaluations thus share in the high priority of the warning function."

C. Functions

1. To develop and operate on a current and continuing basis an Intelligence Plan for the levying upon IAC members, and the requesting from other US agencies through appropriate channels, of the intelligence requirements necessary to provide the maximum degree of advance warning and for recommending the collection priorities of these requirements.
2. To analyze and evaluate information and intelligence, both current and cumulative, on an all-source basis, furnished by the IAC agencies relating to the imminence of hostilities, and to develop therefrom the conclusions as to*:
 - a. Soviet/Communist intentions to initiate hostilities against
 - 1 the continental United States, vital U.S. possessions, or U.S. forces abroad,
 - 2 U.S. allies or their forces,
 - 3 areas peripheral to the Soviet Orbit.
 - b. any other development, actual or potential, susceptible of exploitation by Soviet/Communist hostile action which would jeopardize the security of the United States.**
3. To report promptly their conclusions, together with significant indications, to the IAC and other appropriate recipients.
4. To make recommendations to the IAC, or member agencies thereof, including such dissents as may be recorded.
5. The Watch Committee shall not produce estimates, nor shall its mission limit, preclude, or obviate the intelligence activities of the IAC or any organization thereof.

*The representatives of the Department of State, the Department of Navy, and The Joint Staff believe the sentence should be amended to read "... conclusions as to indications of:"

**The representatives of the Department of State, the Department of Navy, and The Joint Staff believe this paragraph should be deleted.

However, estimates that contribute to warning of Soviet/Communist intentions are essential in complementing the function of the Watch Committee. Against the background of estimates which periodically review all available evidence for general, comprehensive conclusions, the Watch Committee continuously evaluates all pertinent forms of incoming information or intelligence that may contain indications of imminent hostilities.

D. Composition and Organization

1. The Watch Committee will be composed of a Senior Officer representing each IAC organization, one of whom will be designated by the IAC as Chairman for a specified period.* The Committee will be supported by an Indications Center, headed by a Director to be provided by CIA and consisting of an administrative Secretariat and an Indications Group.

*The representatives of the Department of Navy and The Joint Staff believe the sentence should be amended as follows: "The Watch Committee will be composed of a Senior Officer representing each IAC organization. The representative of the Central Intelligence Agency will serve as permanent Chairman."
